

December 6, 2017

Please be advised on recent developments regarding the Piedmont Park Project:

A disclaimer was entered on December 1, 2017, by Susan Hellen disclaiming any interest in the Park property. Additionally, judgment was entered resolving the lien filing by Susan Hellen and/or Armando Rodriquez. All defendants in the Oklahoma action have now been served, except for one individual defendant that continues to avoid service in Texas.

In response to the federal lawsuit filed in the Southern District of Texas by See Spray and its representatives, a motion to dismiss for lack of personal jurisdiction was filed on November 30, 2017. The federal court is expected to rule on the motion to dismiss following the completion of all briefing related thereto.

Copies of all pertinent court filings are being made available for the public's review. We will continue to provide updates regarding the results of the lawsuits. The Piedmont Park Project Steering Committee would like to thank everyone for their continued patience while we work diligently to resolve legal issues, which were intentionally designed to prevent the dedication of the Park to the City of Piedmont and its opening to the public.

Sincerely,

Piedmont Park Project Steering Committee
